

## ANNOUNCEMENTS

**IMPORTANT LOAN INFORMATION-** Effective 9-1-2025 Loan fees will be 13% of the borrowed amount with a minimum fee of \$50.00. Any owner code that holds a loan balance will be limited to 35% fuel advances for all leased trucks.

MPACT updates pricing as it is received. Tire prices are subject to change at any time. You will be charged what Mercer is charged.

REMINDER: Labor and sales tax are charged in addition to the price of the tire if they are listed on the invoice. If you plan to pay your labor to the shop directly please notify MPACT, and keep receipts of anything you pay.

# MPACT (Repair Loans and Tire Discounts)

MPACT is available Monday – Friday 8:00am to 5:00pm EST. Evening and weekend dispatch can assist with after hour emergencies

## BEFORE YOU CALL:

- Please make sure to know what shop you are using. We do not keep a list of shops. You can use truckdown.com or nttsbreakdown.com to search for services in your area
- If requesting tires/tire pricing, please have the brand, model, and size
- If requesting a loan, a verbal estimate is required before we can discuss approvals, or terms

## HOW TO USE NATIONAL TIRE ACCOUNTS (see contractor web a list of included tires)

- Contact your preferred shop for available tires in your size and get their email address
- Call MPACT and specify you are getting tires through the national account
- MPACT will ask you for the following:
  - Name, city, state and email of the shop
  - Tire Brand, model, size and quantity
  - Payment MethodAccepted payment methods are reserve, fuel card, or debit/credit card (debit or credit transactions are subject to 3-3.5% processing fee)  
**Payment is due in full at time of service**

**\*Please note that tire loans are a separate process for using the national account and must be specifically requested.**

## HOW TO REQUEST A LOAN:

- Contact a shop and get an estimate
- Determine the amount you will be requesting
- Call MPACT to request your loan
- MPACT will ask you for the following:
  - Name, city, state and email address of the shop
  - What's wrong with the truck
  - Estimated total of the bill
  - How much money you have to pay towards the bill**\*Loans are subject to manager approval and administrative fees**  
**\*Loans must be approved before work begins**

## LOAN DECISIONS AND PAYBACK TERMS ARE BASED ON THE FOLLOWING:

- Qualifying amount (based on 60 day revenue)
- Purpose of the loan
- Amount of the loan
- CSA score
- Dispatched/loaded status
- How much of the bill you will be paying
- Outstanding loans through Mercer

**There is a document under the downloads section of the contractor web with a list of our current tire prices, and additional MPACT information. It is labeled MPACT Tire List and Discount Information.**

- Shop: name, city, state, and email
- How you will be paying your required half or more

## **Loan determination**

- Qualifying amount (based on 60-day revenue)
- Purpose of the loan
- Amount of the loan
- CSA score
- Dispatched / Loaded status
- Down payment (a min of half is required before a request can be made)
- Outstanding loans

## **Loan fees/advance limit**

All loans will be subject to a 13% loan fee, min fee of \$50.00. Any outstanding loan or loan fees will result in a 35% limit to fuel advances to all leased units until paid in full. If you would like to pay off your balance sooner please call Truck pay to set up arrangements. If your account receive an additional charge for a tire or repair that was paid by ANY PAYMENT METHOD, the fuel advance limit will hold until you call truck pay to set up payment arrangements for the balance. The advance limit is an automatic system update and cannot be overridden.

## **Pay back terms**

Payback terms are case by case. Terms can be zero days, over days or a combination of the two. Your loan repayment schedule will be listed on your Authorization to Deduct form that you sign before MPACT pays your loans.

**Zero days:** Any amount listed at zero days will come out of the first load(s) to settle after payment has been issued to the shop until the amount is collected in full

**Over days:** Amount is deducted at a rate of \$50 a day until balance is collected in full with a maximum of 60 days.

**Please note:** On Loans with a zero days portion and an over days portion, the over-days will start to accumulate once the loan is entered. There is no grace period for the Zero days to be collected before the over days begins to accumulate

# **ROAD CALLS**

**If you are broken down, you are only required to contact Mercer if you need assistance with payment or are getting a National Account brand Tire. In either situation you are required to call PRIOR to the work being started.**

**MPACT cannot set up service on your behalf, but you can use the below listed websites to help locate shop information:**

<https://www.nttsbreakdown.com/app/>

<https://www.truckdown.com/>

What to do if you are broken down:

1. Call a shop and set up a road call
2. Get information on tires/ repair
  - For tires, get specific information on what they are bringing you
  - For Repair, find the hourly rate and if you have an idea of what the issue is try to get an estimate
3. Call in to set up the job with Mercer. You will need to sign an authorization form. During business hours, the authorization form can be sent to your email to sign electronically
4. Once the work is complete, have the shop send a copy of the invoice and receipt of payment of anything you have paid directly to [MPACT@merc-trans.com](mailto:MPACT@merc-trans.com)

# **AFTER HOURS**

**Mercer after hours contact phone number 1.502.584.2301 All NON-EMERGENCY tires and repairs jobs must be set up during MPACTs business hours, 8:00 am to 5:00 PM EST. An emergency is classified as a tire or repair job that keeps you from delivering a load on time/safely**

## **MPACT AFTERHOURS FAQ**

Q: Is there anyone working in MPACT after hours?

A: After hours general support staff is available for emergencies. There is no one exclusively available for any specific department

Q: Can I use Mercers accounts on weekends?

A: Yes. Call during business hours to set up job and approvals ahead of time.

Q: Can you set up a road service to come out to me?

A: As an owner operator you are responsible for setting up approval and payment for all services. <https://www.nttsbreakdown.com/app/> ; <https://www.truckdown.com/> are websites designed exclusively for the trucking industry and can be used to locate service.

Q: Can I get a loan on the weekend?

A: In case of an emergency, it is possible to get a loan on the weekend. However your truck must be loaded, and the purpose of the loan must be for a tire or repair that would prevent you from delivering your load on time. All loans approved outside of business hours will be set at terms of zero days. Zero days mean all settlements will be applied to the loan until the loan is paid in full.

Q: If I have an emergency and get set up for a zero day loan, can I change the terms?

A: It is possible to adjust but not guaranteed. All requests to adjust loans must be made by 12:00 EST, the business day following the initial approval.

Q: What if I want to get work done on the weekend and I have the money pay for it. Can I pay the shop and get the discount applied after?

A: No, to use an account payment must be issued from Mercer with a purchase order. However, if you set the job up during business hours ahead of time you can use our accounts on the weekend.

## **Warranty and Shop Issues**

**\*Please note, all warranty or shop issues are to be handled directly between the truck owner and the repair shop**

- National Account warranties: National account warranties cover manufacturer defects only. If you have a tire that you believe should be covered under this warranty, the tire should be RETURNED TO A that participates in a national account of the brand of tire you are replacing. You will be required to pay for the replacement tire in full at time of service. The shop will call their vendor to evaluate the tire. If a credit is issued, it will be applied back to Mercer's National account. Once Mercer receives the credit it will be issued back to you according to your standard settlement instructions or applied to any outstanding loans
- Shop issues: The fastest way to get a issue resolved is at shop level. If the issue is unable to be resolved by the Shop Manager, contact the shops corporate customer service line. The following have been verified.

## WHAT WE DO

---

- **Full Semi-Truck Alignments**
  - Performed with the Hunter Hawkeye XL – one of the most advanced alignment systems available.
- **Fast Turnaround**
  - We get trucks in and out — no delays.
- **Alignment That Holds**
  - If a truck has worn components (like drag links, king pins, bushings, tie rods, or tires), we'll pause the job and let you know — we don't align trucks that won't hold spec.
- **Optional In-House Repairs**
  - If your truck needs suspension work or tires before alignment, we can handle that too — all in one visit

## EXPERIENCE

---

- **13 Years of Alignment Experience**
  - We've been aligning trucks for over a decade — with the precision and consistency drivers depend on.
- **Hunter Certified Technicians**
  - We're trained and certified directly by Hunter Engineering, so you know it's done right.
